## WEEKLY REPORT Air Division Environmental Protection Agency Region 9 Week Ending March 10, 2017

## Past Week Accomplishments (March 6 - 10)

Bay Area Emissions Banking: On March 8, the Acting Regional Administrator signed a Federal Register notice proposing limited approval/limited disapproval on the Bay Area Air District's rule on emissions banking. We have been working with the Bay Area Air District on its provisions for calculating the amount of offsets required. This action is under a consent decree for signature on a final action by May 1, 2017. (Contact: Laura Yannayon, 2-3534)

Upcoming Hot Issues and Important Deadlines  Meeting with the California Air Resource Board: On March 15, we will meet with the California Air Resource Board staff to coordinate on State Implementation Plan development issues including the San Joaquin Valley and South Coast Air Districts' particulate matter and ozone plans. (Contact: Dori Lo, 2-3959)  McElmo Creek Prevention of Significant Deterioration (PSD) Permit: Deliberative Process (b) (5)  The facility consists of an oilfield and gas compression plant, and is located within the Four Corners area of the Navajo Nation. The McElmo Creek permit, with a response to adverse comments received during the public comment period, was issued by EPA on September 30. (Contact: Shaheerah Kelly: 7-4156)  Collins Pine Prevention of Significant Deterioration (PSD) Minor Modification: Deliberative Process (b) (5)  Contact: Manny Aquitania, 2-3977)  Mobil Oil Title V Operating Permit: Deliberative Process (b) (5)	Arizona State Implementation Plan (SIP)	Deliberative Process (b) (5)
